Hello Fred,

I am sure the packages have arrived, I will check with them to make sure. The Marines are doing well, working hard and have little to no communication at the moment.

I am currently out in Bethesda, Maryland visiting our wounded here at the medical center. They are some amazing men!!!

We can't thank you all enough for all the support you all have provided our unit throughout this deployment!

Take care and Thank you!

Mr. Will,

For your article.

The Moss Creek Marines are a fine organization. The phrase "Once a Marine, Always a Marine", holds true for these fine patriots. Their support of 3d Bn 7th Mar (3/7) has been well received and appreciated by all in the battalion. There is nothing more important to a Marine than being taken care of by our own. As former Marines, the Moss Creek organization continue to take care of their own. Afghanistan has been a unique experience for 3/7. We have operated in arduous conditions, even by Afghanistan standards, for most of the deployment. The Hygiene items and most importantly the socks that were sent to the Marines, were right on time and most appreciated.

The Marines and Officers of 3/7 have nothing but good things to say about the time and effort spent by Moss Creek Marines to keep the battalion in the fight.

Troy--

What about the 1250 pairs of socks? Have they arrived? Any idea of the number of boxes received to date? We sent 135 boxes--

I have the Marine Postal Unit checking on 925 pairs of socks that we sent to 2/2 back in February--we are wondering if some crook in the system is taking the socks and selling them--

I will pass along your thanks on behalf of 3/7--

Fred

Sir,

Your boxes of hygiene items have been arriving for a few weeks now. I apologize for not informing you sooner, but have just recently been in the rear long enough to get caught up. Please extend a thank you to all of the members of your organization for supporting the Marines of 3/7.
