Change of Command

Closing Remarks/ Marine's Hymn

Battery Creek Marine Corps JROTC History and Honors

The Battery Creek High School MCJROTC unit was commissioned on 25 August 1986 when the school was located on Mink Point Boulevard. The unit has established a rich tradition of excellence during the past 24 years being designated as an Honor School during the past 11 out of 11 years. During the 2005-06 school year, the unit was awarded the prestigious Marine Corps Reserve Association Award for being selected as the best unit in the 6th Marine Corps District out of 54 schools throughout the southeast. The unit was also awarded the Commander's Trophy during the 2005-06 school year for attaining the highest inspection grade (99.4) during the annual 6th Marine Corps District Inspection. The drill teams have excelled, winning over 350 awards since 1987, and the marksmanship team won 3 trophies this last year. Cadets continue to be highly involved at Battery Creek High School and the Beaufort community volunteering over 2,000 hours while participating in numerous community events throughout the school year. Pride, high expectations, discipline, and traditional values have contributed to the success of our unit and these traits will continue to influence our organization and training in the future. We greatly appreciate the tremendous support you, the parents, and family give to our Cadets and the JROTC program. **Semper Fidelis: Always Faithful... to Family, Country, and Corps.**
